PRODUCT CATALOGUE 2018

DESIGNER ACCESSORIES

KARTAR[®]

The image features a solid blue background. Two vertical white bars are positioned on the left and right sides, intersecting at the center. The text is centered horizontally and overlaps the intersection of these bars.

Passion for Design
Commitment for Quality

Company

About the Company

When Mr. Gurbax Singh Juneja started manufacturing valves in 1972, little did he know he was building a brand that will come to signify trust and quality to his buyers all over. The idea that he pioneered lives on today as Kartar Valves Private Limited, a company that specializes in manufacturing a wide range of Valves & Fittings, especially being utilized in the Water Supply, Plumbing, Fire Fighting, Industrial & Steam Applications.

Decades of innovation and perseverance have been honoured in our promise of quality, value and perfection. The principles of on-time delivery and devotion to quality are deeply ingrained in our system and this has helped us get a stronghold in the Indian Market.

A big step forward - Birth of Kartar Valves & Faucets

With all the experience and brand value in hand, the management decided to spread its wings into the faucet business. The ever growing demand for high quality faucets in India & International markets became their driving force, and hence Kartar Valves & Faucets was born in 2016.

Casting Plant
from IMR, Italy

Machining Centres
from HAAS, USA

Ultra Modern
Plating Line

World's best machinery and systems were brought in to ensure that every piece manufactured in our modern plant meets the highest standard of quality, finish and workmanship.
